Getting started with SOAR

To get started quickly with Splunk SOAR, bookmark the following resources.

- Splunk Docs, especially:
  - Setup, provisioning, and usage
  - Validated architecture

- The Slack Channel

- The Splunk SOAR community

- Splunk SOAR Blogs

- Automation for the Modern SOC, virtual on-demand event

But first, continue working through this learning path to understand the key features of Splunk SOAR, including playbooks, and to discover all the training and resources that are available to you.
